Une fois de plus nous avons la grande joie de présenter au public un nouveau tome du *LIMC*, le tome VI qui paraît à la fin de cette année 1992 et dont le volume d'illustrations comprend 718 planches (3752 photographies) et le volume de texte 152 dessins au trait. Au fur et à mesure que progresse cette publication, les représentations d'ensemble se font plus nombreuses et nous essayons de donner également les détails précis des différents personnages. Le nombre de renvois aux tomes précédents est devenu très important et ne cessera d'ailleurs d'augmenter: il est inutile de donner la même image plusieurs fois alors que la présentation d'inédits est considérable grâce à la générosité des responsables des musées et à la coopération internationale. Ont collaboré une fois de plus, avec beaucoup de précision, les divers responsables des musées, des éphories, des surintendances, des instituts archéologiques, des services d'antiquités et des circonscriptions et départements archéologiques. A nouveau, de nombreux collègues nous ont communiqué des renseignements et, avec les autorisations des musées compétents, également des photographies. On peut répéter cette fois encore que la plupart des musées ont bien voulu renoncer à leurs droits de reproduction et souvent nous ont donné des illustrations, soit à un prix réduit, soit même à titre gratuit. Certains pays nous ont autorisés à faire des prises de vues en collaboration avec leurs propres spécialistes.

Sans cette aide généreuse et constante, qui charge souvent lourdement les responsables des musées et des sites, ce volume d'illustrations du tome VI n'aurait pas la richesse que nous avons essayé de lui donner. Une fois de plus et toujours, nous tenons à exprimer à la communauté scientifique notre reconnaissance d'avoir ainsi contribué si largement à la réalisation du tome VI.

LILLY KAHIL
Secrétaire général du
Lexicon Iconographicum Mythologiae Classicae

★

Note: Afin de limiter les erreurs dans toute la mesure du possible, nous avons cité en allemand, anglais, français ou italien les musées des pays qui utilisent ces langues; les noms des autres villes et musées ont été traduits en français.

Aux Pays-Bas, le Cabinet Royal des Monnaies a été transféré de La Haye au Rijksmuseum van Oudheden de Leyde. Le lecteur est rendu attentif au fait que les catalogues du volume de texte indiquent l'ancienne, la liste des planches la nouvelle localisation.
